

Real Damage Frank Turner V2

INTRO

[G] X4

[G] I woke up on a sofa in an unfamiliar house,
[C] Surrounded by sleeping folks I didn't [G] know
[D] On failing to find my friends
I [Am] decided that it was [C] clearly time to [G] go [D] [G] [G]

[G] So I made my way out of the door as quietly as I could
[C] there was no one there I knew to say [G] goodbye,
[D] Squinting in the sadly sobering [C] sunshine
[Am] Of the Sunday morning [G] light. [D] [G] [G]

I [C] started the night with all my friends and I [Am] ended up alone
OH yes, I [G] started out so [D] happy now I'm [C] hung over and
down it was [D] about then that I realised
[Am] I was halfway through the [C] best years of my [G] life [D] [G]
[G]

[G] I scanned the local landmarks, trying to find out where I was,
[C] And maybe even find a bus back [G] home,
I was [D] Longing for a shower, and for [C] clean sheets,
[Am] And a charger for my [G] phone. [D] [G] [G]

[G] Suddenly it hit me - I got paid this Friday last,
[C] and so I rifled through my pockets for some [G] change.
[D] and all I found was a packet of broken [C] cigarettes
[Am] and a sinking sense of [G] shame. [D] [G] [G]

I [C] started the night with all my friends and I [Am] ended up alone
Oh yes, I [G] started out so [D] happy now I'm [C] hung over and
down it was [D] about then that I realised
[Am] I was halfway through the [C] best years of my [G] life
I had to ask myself:

[BRIDGE]

Well, [D] is it really [C] worth it? [C]

[G] Is [D] any of this [C] worth it? [C]

[G] Well the [D] whole thing's far from [C] perfect, [C]

But I've [Am] yet, to, figure, [C] out a better way to spend [D] my time.

[Cadd9] [Aadd9] [Aadd9]

[G/] Too many suits and dirty looks [G] made me rack my brains
[C] the real damage started to sink [G] in.

[D] It'd been quite a heavy weekend

[Am] and I could just about re [C] member where I'd [G] been [D]
[G] [G]

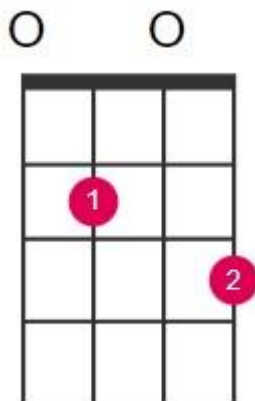

Well I [C/] started the night with all my friends

and I [Am/] ended up alone, I [G] started out so [D] happy now I'm
[C] hung-over and down.

I [D] stood on a street corner and [C] I felt a little sick.

It was [D] about then that I realized [Am/] I was halfway through the
[C/] first day of the [G] week. [D] [G] [G/]
